***Fashion and the rediscovery of travel***

### COMPETITION FOR YOUNG FASHION DESIGNERS

**Creazione e Immagine**, a cultural association with headquarters in Cosenza, presents the **25th edition** of **Moda Movie**, the **festival** born in 1997 from the idea of celebrating and deepening the relationship between the world of Fashion, Cinema and Arts.

As part of the festival there is a **competition for young fashion designers** that aims to **valorize** and **promote** the **emerging talents** of the fashion world and give them a chance to **compare, training, professional growth** and **visibility**.

For each edition of the festival is identified a **theme of interest** to which are addressed the call for competition for fashion designers, the activities related to the cinema, as well as all the different collateral events that make up the entire event. In a time of great crisis and especially of great closure, like the one we are experiencing today, we believe it is essential to give a sign of hope and openness and that is why we decided to dedicate the **25th edition** of Moda Movie to the **theme of travel**.

The intention is to reflect **on the link between fashion and the rediscovery of travel, understood as a need for research and comparison with others, as a break from everyday life and re-discovery of the world, even of the one closest to us**, that the pandemic in progress has removed.

The festival is therefore projected in the "post-Covid", hoping for a quick recovery of normality and **invites young fashion designers who want to take part in the competition to imagine outfits able to finally transport us out of the everyday, in distant and exotic places or simply, but more consciously, not far from our homes**, now became real and aseptic refuges. Therefore the outfits can also be inspired by the rediscovery of the world closest to us and recover, with greater knowledge, lifestyles and traditions of their territory.

**Starting from these suggestions we ask the competitors to create garments that can become a symbol of openness and confrontation**, distinguished, not least, **by the attention to detail** that has always characterized the competition.

The input for the creation of the sketches could also take inspiration from the look on distant worlds that, since its birth, has been able to create the cinema, source of infinite suggestions related to exotic places.
